

Feeding Contest – Strike Zone Horse

Rules

This feeding contest is a head-to-head competition between 2 feeders. The feeders are trying to feed into certain strike zone of their student. The 4 possible strike zones are shown in the diagram at the bottom.

- 1) This contest uses the HORSE game from basketball.
- 2) The first feeder calls out one of the strike zones of his student. They must call BH or FH **and** the strike zone (1-4) they are aiming at.
- 3) If the original feeder misses the strike zone, the next feeder has an open court and gets to call out a new strike zone target.
- 4) Feeders only get letters when they cannot match the previous feed that went in to the correct strike zone. They do not get a letter if they miss a feed into a strike zone that they called out themselves.
- 5) The first feeder to get all the letters in HORSE loses the game.
