

P

19) Deuce & Done:

This game helps players learn to close out a game/

Level: 2.5 & Higher

Player 1 & 2 play each other while players 3 & 4 wait in deck to do the same.

Just 2 points are played out, one to the **deuce** court and the next to the **add** court.

Players must win **both** points to win the game. If the players split the points, no one gets the game.

This slight scoring alteration puts a bit more pressure on the players which is a good thing to do in practice.
