

### 159) Pass Overhead Game:

This is a fun game to end the class with.

Level: 3.0 & Higher

Players 1-2 / 3-4 / 5-6 are doubles teams. Players 1-2 are on the pro's side of the court and are the champions.

**Ball 1:** Pro feeds the challengers an approach shot and they can hit it over, **or chose to pass it to their partner.** Once the point starts, either side can opt to pass the ball to their partner before they send it over. **(1 pass only)**

**Ball 2:** Pro feeds the net team an overhead and they must hit it over (no passes allowed on the overhead), but after the point starts either side can opt to pass the ball to their partner before they send it over

**Ball 3:** Same as ball 2.

If the challengers win all 3 points, they come over to replace the champions. **Note:** we sometimes allow the on deck players to save the ball and keep the point going.
